- V. **Easter Festival After Action Review**
 - A. There were 32 kids in attendance
 1. Pros
 - a) Egg hunt, games (lots of variety), prizes, separate prize tables for field games, egg coloring at craft table, controlled/manned stations, photo booth/selfie station, communication, changed kupuna ages to 50+
 2. Cons
 - a) Food announcement before Kupuna did their egg hunt (caused everyone to go into gym, less participants for kupuna egg hunt)
 - b) Buffet table and seats were in the gym (caused less participation and less spectators for all the field games)
 - c) No sound system (had to yell out announcements and only certain people could hear what was happening)
 3. Improvements
 - a) Announce food blessings after both egg hunts to encourage more kupuna participation
 - b) Keep food tables outside in the tents even though it's raining and have extra tables in the gym (to keep the flow of people moving back outside to view the kids playing)
 - c) No need word games at the craft table (hardly used)
 - d) Set up the sound system so both inside gym and outside can hear announcements
